SUMMARY

Software Engineer with 3+ years of experience in frontend (React, Next.js) and backend (MongoDB, MySQL) development. Contributed to projects at Greenie Web, Project Flux, and Bonding Through Coding (MQU). Passionate about problem-solving, continuous learning, and building strong relationships with colleagues and stakeholders to drive project success.

WORK EXPERIENCE

Software Engineer Intern , Macquarie University Project   Nov 2024 - Present

- Led the "Bonding Through Coding" initiative, offering hands-on coding workshops to primary school students and their families to foster interest in technology and strengthen family connections.
- Designed beginner coding courses in HTML, CSS, JavaScript, and Python to build foundational skills.
- Developed interactive and engaging course materials using child-focused educational strategies to keep young learners captivated.

Software Engineer Director, Greenie Web   Jul 2022 - Jan 2025

- Managed projects and led a team of **30+** co-developers, with over **120** members involved, to design web and desktop applications that exceeded requirements by **150%** in features and deadlines.
- Prevented **10+** fatal issues before Greenie Web launched the product, ensuring smooth delivery.
- Developed eCommerce websites, a Chrome extension, and a desktop application using Next.js, Electron.js, and React.
- Achieved a **30%** increase in completion time, a **70%** improvement in code quality, and a **45%** average reduction in carbon emissions across all digital operations.

Tech Deputy, GADS   Nov 2023 - Jan 2025

- Collaborated with experts to explore and implement innovative strategies promoting eco-friendly practices in the digital realm.
- Achieved a 30% increase in customer interaction and a **20%** improvement in contact ratio.

EDUCATION

Bachelor of Information Technology   **2024- 2026**

Macquarie University
- WAM: 92.25 │ GPA: 7/7

High School Certificate   **2019 - 2023**

Cabramatta High School
- ATAR: 85.85
